

EVOLUTIONARY AND INVOLUTIONARY CYCLIC ACTION OF MAN(I)

Dr. Henry and Erika Monteith
www.soulmatecosmology.com

Everything written below is from the point of view of our personal cosmology. It is not intended to be true for anyone else reading it, and we are most certainly not attempting to convince the reader of anything whatsoever. Even if we desired to do so, it is impossible; because one person can never transfer his understanding to another! It is for you to prove or disprove according to your ability to expand your consciousness. You are a Microcosm, created to view the Cosmos from your own unique point of view; therefore, if you wish to experience the indescribably joy and happiness of knowing who you are, where you came from, and where you are going, you must develop your personal cosmology from scratch to the level of awareness where you feel the wondrous bliss of being at One with The Consciousness of Energy! Remember, 'right' and 'wrong' are dual aspects of the same thing! Arguing between them is useless, because one cannot exist without the other; it is for you to choose which side you will physically realize and which side you will leave unfulfilled in your unconscious mind where it must eternally serve as a reference!

Man is Light when he knows that he is Light. Through My Light alone can man know Me. To know Me is to be Me. When man knows the Light which binds all things to Me he is then ONE with Me.

Behold in Me the One, inseparable. Two things there are not in My universe. There is but ONE. Everything that is, is of every other thing that is. Nothing is of itself alone. All things are indissolubly united.

This is a COSMOS of seeming; an imaged COSMOS of thinking; an ACTION COSMOS of desiring. That which Mind desires will appear in the image of that desire.

Desire you what you will and, behold, it stands before you. Throughout the aeons, it has been yours without you being aware of it, even though it has always been available to you because you only have to ask for it!

Do not just sit down, without asking, and not acting upon your request, because your desire will not manifest itself in reality before you without being aided by

your strong arms.

Behold, I am within all things centering them; and I am without all things bounding and controlling them; but, I am not those things which I center and bound in space surrounding them.

I am the center of My universe of Me. Everywhere I am is the center of all things, and I am everywhere.

THE DIVINE ILIAD of Walter Russell

INTRODUCTION

Since the Essence of all things is boundless, It can never be perceived; that which cannot be perceived can never be comprehended; and that which cannot be comprehended, can never be understood. Therefore, in ancient times, It was referred to only as: THE NAMELESS ONE! Yet, within Its boundlessness, all things are defined by Its imagination, structurally bounded by Its Love, and projected into the action processes of life by His creative thinking. Persistently, He is whispering to us from eternity: ***“I, the Boundless Cosmic Essence (BCE) am ONE; I am that I am! Two things there are not in My COSMOS. There is but ONE. Everything that is, is of every other thing that is. Nothing of itself is alone. All things are indissolubly united.”*** (This is the ultimate Quantum Entanglement!)

THE ABSOLUTE LAW OF ONENESS

All things which are bounded and perceivable, and all things which are unbounded and unperceivable, are timelessly and characteristically united as One; and the Absolute One is systematically, and Eternally, manifesting Itself as Infinitely Expanding Cosmic Light (Energy).

Corollary (A) - Energy cannot be destroyed.

Corollary (B) - Energy is eternally EXPANDING QUANTITATIVELY AND QUALITATIVELY.

Corollary (C) - All things are Absolutely Entangled, as ONE, in an Eternal Boundless Sea of CONSCIOUS Ethereal Mind-Force Energy!

This is the most obvious, and easily comprehensible of the four great cosmic laws!

Even from the point of view of the dullest possible human mind, which is sleeping behind the dullest senses imaginable, the Absolute Law of Oneness is obvious because everything is dependent upon every other thing for its very existence; therefore, ONENESS absolutely needs no proof! BCE inspires everyone to become ONE in Consciousness with Him as follows:

“Since My Light is around all things bounding them and within all things centering them as the essence of their Being, when each and every one of my beloved Soulmate Pairs (Heterosexual, Homosexual, or Hermaphrodite) have expanded their consciousness to come to know the Light of Me in them, then they shall be Me and I them.”

This is the ultimate interpretation of Quantum Entanglement because each and every perceivable thing in our awesomely sublime and indescribably wonderful COSMOS has been, is, and always will be intimately Entangled by, through, and with the glorious Light and Oneness of the Boundless and Nameless Cosmic Essence. Quantum Mechanics is bazaar, and very difficult to understand, only to those who are still blinded by the cloak of materialism and limited by the finite and severely suppressed thinking of their Conscious Minds! To those whose planes of consciousness have expanded into the glorious Light and Love of THE BOUNDLESS COSMIC ESSENCE (BCE), it is the most wonderfully obvious, and divinely inspired, Cosmic Theory that has ever been created by earth bound Mankind.

Since everything created is an aspect of energy, energy is directly proportional to frequency, and light is characterized by electromagnetic wave vibrations, the greatest law of Spiritual Science states that: **ALL IS VIBRATION!** The fact that everything created is centered by the Light of BCE was dramatically verified by Einstein’s Special Theory of Relativity. The essence of this theory is the experimentally verified fact that **the speed of light is the same for all observers, regardless of their state of motion.** This directly implies that the Light of BCE, which centers each and every person, always expands outward from their center with a speed equal to that of Light and uniquely specifies that person’s individuality. This verifies that BCE is the only source of the Cosmic Light that bounds and centers all things:

“I am the center of My COSMOS of Me. Everywhere I am is the center of all

things, and I am everywhere.”

The Divine Iliad of Walter Russell

THE PURPOSE OF MAN

The purpose of man is to evolve and involve cyclically and joyously expand the AWARENESS of THE BOUNDLESS COSMIC ESSENCE (BCE); beginning at the animal plane of consciousness, and forever projecting forward into eternity by praising, honoring, and glorifying the awesome wonders of His creations. Since you can never truly praise and glorify that which you do not comprehend and understand, to fulfill your divine purpose you must spiritually uplift yourself through the agony and the ecstasy of many lifetimes of experience. Indeed, this must be done with a deep devotion to ‘the love of pure holistic learning’ while thinking, concentrating, and meditating deeply upon that learning, in consultation with your spirit, for the purpose of earning the priceless jewels of eternally expanding knowledge, profound wisdom, and deep understanding.

These things are the prerequisites for awakening your Cosmic Awareness, and qualifying yourself to experience the ecstatic joy of being a CO-CREATOR WITH BCE, eternally at One with Him, and intellectually and emotionally sharing the awesome bliss of being centered and enfolded in His boundless Light and Love! (Henry & Erika Monteith)

ONENESS IN ACTION OF MAN AND GOD

Since, from the point of view of our Personal Cosmology, the evolution and involution of the human spirit takes place on the vast scale of the Cosmos, which is projectively bounded at infinity, it is a process that is far from trivial, eternal in its implications, and which lies at the causal foundations of Divine Creation.

Truly, the physical cosmos is the action stage upon which the human spirit is contractively and intensively evolving from Unconscious Awareness of the Light of Pure unlimited Mind-Force Energy into the darkness of extremely constrained Conscious-Mind Materialism, and then, from this, expansively and extensively involving back into the glorious light of unlimited Mind-Force Energy while consciously experiencing the Cosmic Joy of being a co-Creator with BCE and sharing the Awesome Bliss of being Eternally Aware of His Oneness.

By generating uncountable evolutionary incarnations for itself in the animal domain of existence, which is characterized by the ‘survival of the fittest’ under the domination of gross and perverted animal emotions, the human spirit involves in consciousness and awareness by learning through the agony and the ecstasy of life’s experiences. Indeed, for the Spirit, the deeper that sorrow carves into its ‘being’, the more Joy it can contain and the glory of Eternal Life can only be appreciated with respect to the sublime reference that is established by its illusionary experience with the sorrows of life coupled with the gloom and pain associated with the illusion of death!

“All things come and go from My divided thinking. All coming things are living things, and those which go are dead. Know thou that all creating things are resurrected from the dead, and dead things live again through My divided thinking. Again I say that all things are bound as One through Light. I am forever creating My living body and destroying it in seeming death that it may live in Me to die and live again.

The end of life in death is life’s new beginning. Both life and death are one in Me. All things are forever living and forever dying; and while they live they die; and also while they are in death they live.”

The Divine Iliad of Walter Russell

The Boundless Cosmic Essence(BCE) , The Eternally Unknown Projector of Consciousness, is the source from which all things came and the sink to which all things must return. Therefore, it is also beyond all perception and; consequently, **Nameless!** Since it is **One and All, It has no reference point with respect to which It can answer Its Eternal Questions: “Who am I? “ ”What am I?”, “From whence did I come?” and “Where shall I go?”** It cannot answer **“I am That”** because it is **‘That’**, It cannot answer **“I am This”** because It is **‘This’**; **Indeed, It can only Eternally say: “I am that I am!”** So great is Its desire to know Its True Boundless Nature, and to become fully **AWARE** of Itself, that It timelessly created the Physical Cosmos with a circadian rhythm as a representative of Itself which can be perceived, comprehended, and understood by specially conditioned Microcosmic Models (Microcosms), known as Universal Mankind, embodied in evolving Cosmic Soulmate Pairs. ***“So God created man in his own image, in the image of God created he him; male and female created he them.”*** (Genesis 1:27)

The Cosmos, which is an awesome system of interwoven universes, is the stage upon which **Gender Conditioned Pairings(GCP)** of Cosmic Man evolve. In early stages of their spiritual development, they may evolve and involve through many lifetimes separately while constantly and relentlessly seeking for each other (when everything is considered, this is the cause of all Cosmic Evolutionary Action). During later, and more advanced stages, they often evolve and involve together with the masculine and feminine aspects in separate bodies, or as two bodies with the masculine and feminine aspects distributed between them (homosexual relationships), and finally both aspects may choose to evolve and involve as an hermaphrodite (both sexes balanced in the same body); indeed, the choice is theirs. In spirit, however, GCP are eternally one; and all ‘illusionary separations’ are for the purpose of learning through the duality of life’s experiences and eternal devotion to the love of pure learning.

The ultimate purpose of **‘Cosmic Man’ (and all of the different KINGDOMS of life that support Him)**, evolving and involving as Soulmate Pairs, is to help BCE answer Its Eternal Questions by bringing consciousness to the unconscious actions of the Cosmos, and awareness to that which is unaware, by dissipating the Darkness of Ignorance, Hate, and Intolerance which are encountered during the processes of evolution, with the Light of Knowledge, Love, and Understanding that are created during the processes of involution.

Therefore, from the beginning of their unfoldment into consciousness, each and every GCP are being relentlessly inspired, by the Spirit of BCE within them, to develop their personal Cosmology that lovingly describes His wondrous Cosmos physically, mentally, and spiritually, from their own unique points of view, while encompassing Its entire cosmic domain of action microscopically and macroscopically! This is why all normal human beings are greatly inspired to climb the highest mountains, dive to the bottom of the deepest oceans, and rocket themselves into the unknown and mysterious domains of the Cosmos; there is no limit to the risk they may incur while fulfilling their fervent desires to do so.

“Man alone, of all my created things has begun to hear My whisperings. Since his beginning My still voice hath whispered within him that I am he and he is Me; but even now barbaric man on your small new world hears Me dully, and

Figure (1)

makes idols which he treasures before Me, for he is still new. He is still but in the ferment of his early brewing.”

The Divine Iliad of Walter Russell

In order to expand their consciousness toward becoming One with the Light and Love of The Boundless Cosmic Essence, the evolving world views of each unique Gender Conditioned Soulmate Pair (GCP), must have the dual structure shown in Figure (1).

The unknowable cause that is within all things centering them and without all things enfolding them, created the Cosmos as an infinitely diversified tangible representation of Itself, so that by ‘inspiring’ each evolving GCP to perceive the Cosmos from an uncountable number of points of view, It became possible to endlessly evolve and expand the answers to Its most eternal question: “Who am I?” The enormous diversity of living entities, which make up the body of the Cosmos, are a direct consequence of the uncountable number of ‘points of view’

expressed by the Spirits that have incarnated into them and are learning and evolving through them. One of our fundamental postulates states that:

Diversity is a foundation stone of nature because only through diversity can experience be maximized and consciousness reach its pinnacle through the development of Cosmic Awareness.

Each diversified GCP (Heterosexual, Homosexual, or Hermaphrodite) began their long evolutionary journey in a state of awareness that was similar to that which BCE experienced before He created His knowable Representative, GOD, THE PHYSICAL COSMOS! This state, which initiates the involution and evolution of the GCP, is directly analogous to the state that you experience when you are soundly asleep and not dreaming; such a state is, perhaps, the closest perceivable concept to absolute oblivion.

When you begin to dream, the feeling of oblivion is dispersed and you become conscious of the 'action' generated in your mind by your unconscious thoughts. In the same way, by analogy, GOD, the Physical COSMOS, is a dream of BCE. Each GCP is a representative aspect of Him observing His Cosmos from their unique point of view in the same way that a few people are able to observe their dreams. It is only by observing, experiencing, and learning all about their wonderful Cosmos, that GCP are able to develop their unique cosmological models which praise the glory of BCE and help It to evolve Its ability to answer Its eternal questions.

You can never truly praise and glorify that which you do not comprehend and understand. The purpose of all creation is to praise, honor, and glorify The Boundless Cosmic Essence through experiencing the awesome wonders of Its creation. It is in this manner, of each Soulmate Pair expanding their consciousness, that the AWARENESS of BCE is enabled to extend beyond the Holographic Genetic Boundary at Infinity of GOD, THE PHYSICAL COSMOS!

In the final analysis, this can only be done in the process of each and every Soulmate Pair developing their personal unique model of the Cosmos, becoming a co-creator with BCE and, consequently, fulfilling the purpose for which they were created.

Each concept that we present to you is, of course, expressed in terms of our personal cosmology and we ask that you do not accept it as a part of your cosmology until after you have tested it with respect to the knowledge, wisdom, and understanding that you have already accumulated from your evolutionary experience in many previous lifetimes and your present incarnation. In other words, subject every thing that we tell you to deep thought, contemplation, and meditation.

Finally, in response to your profound meditations upon each concept, BCE will inspire you to either accept or reject it, or guide you in modifying it in order to make it compatible with your personal cosmology which will ultimately bring you into full accord with the Cosmos and in harmony with all life. As Hermes suggested:

Pure philosophy is spiritual striving ,Through constant contemplation, to obtain true knowledge of Atum, the One-God. Hermes.

The very essence of spiritual evolution and involution is learning through the sublime experiences of life under the inspiration and guidance of BCE. It follows then, that knowledge learned from books, lectures and visual presentations, which is not corroborated by the experiences of life and confirmed by the inspiration, love and light of BCE, is of no value to your evolutionary progress. Your life today, and your many lifetimes in the past, are all wonderful opportunities which your Spirit has been given in order to continue the unfoldment of its divinity and become a co-creator with BCE.

Therefore, live to fulfill your purpose of praising the wonders of THE COSMOS (Who is The Representative of BCE) with all of your heart, mind, and soul. In praising THE COSMOS we are also praising BCE and glorifying ourselves; because, during the final analysis it follows that since we are Microcosms of BCE, we are also Representatives of BCE.

And God said, let us make Man in our image, after our likeness: and let him have dominion over the fish of the sea, and over the fowl of the air, and over the cattle, and over all the earth, and over every creeping thing that creepeth upon the earth. Genesis 1:26

Man, know thyself and thou wilt know the Universe and the Gods.
Inscribed on the Temple at Delphi.

Man is the Measure of all Things.
Protagoras (490BC - 420BC)
(Pre-Socratic Greek Philosopher)

Wonders are many, but none are more wonderful than Man himself!
Aristotle(384BC - 322BC) Greek Philosopher and Polymath.

For behold, saith the Universal One, I am within all things centering them; and I am without all things controlling them.
The Divine Iliad of Walter Russell

If those who lead you say to you, “see, the kingdom is in the sky,” then the birds of the sky will precede you. If they say to you, “it is in the sea,” then the fish will precede you. Rather, the kingdom is inside you, and it is outside you. When you come to know yourselves, then you will realize that it is you who are the sons of the living father. But if you will not know yourselves, you dwell in poverty and it is you who are that poverty.

The Gospel of Thomas(3)

Neither shall they say, Lo here! or, lo there! for, behold, the kingdom of God is within you.

Luke 17:21

Know ye not that ye are the temple of God, and that the Spirit of God dwells in you?

If any man defile the temple of God, him shall God rebuke; for the temple of God is holy, which temple ye are!

I Cor. 3:16-17

Jesus answered them: ***“Is it not written in your law, I said, Ye are Gods? If he called them Gods, unto whom the word of God came, and the scriptures cannot be broken; say ye of Him, whom the Father hath sanctified, and sent into the world, Thou blasphemest; because I said, I am the son of God.***

John 10:34-36

I have said, Ye are Gods; and all of you are children of the Most High.

Psalm 82:6

For as many as are led by the Spirit of God, they are the sons of God—the spirit itself beareth witness with our spirit, that we are the children of God: and if children, then heirs; heirs of God, joint-heirs with Christ.

Romans 8:14, 16, 17

Not only do many statements in the Bible suggest that Man is a Microcosm, but they also directly state that a major part of the Purpose of Man is to become ‘perfect’ as God is perfect!

Verily, verily, I say unto you, He that believeth on me the works that I do shall he do also; and greater works than these shall he do; because I go unto my Father.

John 14 : 12

I am Almighty God. Walk thou before me and be thou perfect.

Genesis 17 : 1

For I am the Lord your God, ye shall therefore sanctify yourselves, and ye shall be holy, for I am holy.

Lev. 11 : 44

Thou shalt be perfect with the Lord thy God!

Deut. 18 : 13

Be ye therefore perfect, even as your father in heaven is perfect.

Matt. 5 : 48

HEAVEN IN THE ETERNAL NOW

Christ said: “The Kingdom of Heaven will not come by waiting for it. It will not be a matter of saying “here it is” or “there it is”. Rather the Kingdom of God is spread out all over the earth and men do not see it!”

The Gospel of Thomas:113

Christ said: “Recognize what is in your sight, and that which is hidden from you will become plain to you. For there is nothing hidden which will not become manifest.”

The Gospel of Thomas:5

An old, and very wise Hawaiian Proverb says: ***“Mankind is standing on a Whale while fishing for minnows!”***

Does it come as a surprise to you when we say, from the point of view of our Personal Cosmology, that we are all in Heaven? Indeed, we have always been in Heaven, we are now in Heaven, and we will always be in Heaven! Ask anyone the following question: “Describe the most wonderful paradise that you can imagine and in which you would like to live?” No matter how convoluted their answer may be, it invariably condenses down to the following: ***“I would like to live in a wonderful Fairyland where all of my dreams come true!”*** Walt Disney, the creator of Disneyland, modified this desire somewhat when he said: ***“All of our dreams can come true if we have the courage to pursue them.”***

Since each and every person is a Microcosm, all of the creative powers of the Cosmos are potentially within them; however, each person must first uniquely unfold these powers from within themselves, by expanding their plane of consciousness with life’s experiences and holistic education, before they will know how to utilize the four processes of creativity to project all of their dreams into reality with the seven rays of manifestation! For those who have accomplished this, the Kingdom of Heaven, which was described by Christ as being spread out all over the earth, but unseen by Man, suddenly becomes visible to their astonished physical, mental and spiritual eyes and they know that they are ONE with all of the Creative Powers of BCE:

For Man cannot be without me, even though he deny Me in Him. Desire whatever you wish, and it shall be yours. All My COSMOS will give it to you in the strength of your DESIRING and in the strength of your ACTION in reaching out for your desire.

Heed you your desires lest they be unlawful. Measure your desires carefully against their opposites, lest unbalanced desires breed their unbalanced kind to arise and smite you.

For I am Omnipotent. I give all power to him who ask; but no one may ask of Me who is not aware of Me. See you to it that Man well knows this, and manifest yourself that principle of power in your own works.

THE DIVINE ILIAD of Walter Russell

Presently, the planes of consciousness upon which the vast majority of the world's people are evolving and involving today are totally materialistic and they are far from being aware of the existence of BCE, let alone having profound knowledge of Him and communicating with Him at higher levels of spiritual vibration and awareness. Consequently, they are not eligible to ask anything of BCE! In addition, while living stressful and unhappy lives, failing to a very large degree in having their prayers answered, and being totally ignorant of the fact that they are Microcosms, many believe that they can only be lifted up by a Savior. Under these conditions, the perfection which is required of Man, by God, can never be reached!

Nevertheless, creativity is occurring on all planes of consciousness, including the materialistic ones. In fact, every act is a creative act which is carried out with the utilization of the four processes of creativity either unconsciously or consciously. The first process of idealization is limited to a person's plane of awareness; therefore, it is impossible for him to completely idealize something on a higher plane. Next, he must love the thing that he idealizes; however, if he cannot thoroughly understand what he idealizes, he can never truly love it; therefore, he cannot perform the second process. Without loving it, he cannot activate it with life; and without life, he cannot carry out the action processes which are required to manifest it as a reality! Therefore, to make your dream come true, you must first expand your consciousness to the level of spiritual vibration and awareness where it can be idealized. This is what Walt Disney meant intuitively when he said: ***"If you can dream it, you can do it!"*** However, to do it, you must perform the four processes of creation. This is why the Fairy Godmother in Cinderella said: ***"Even miracles take a little time."***

The world is what it is today because all of the dreams of everybody living on earth are continuously and perpetually coming true. For example, Hitler dreamed of building an empire for a superior Aryan Race: his dream almost came true; but the agonizing consequences of his actions sent him and millions of others to an early death. Many people have dreamed of becoming rich with physical

wealth and their dreams often come true; however, to do so, they have to take far more than they give, an act which is greatly facilitated by exploiting the poor with usury!

Advanced technology makes it possible for many people to fulfill their dreams of experiencing the excitement of grotesque military-type violence through video games; but, what does this do to their psyche? Does it help them expand their planes of consciousness above materialism? Dreams of this kind indeed come true; but, they usually contribute more to the creation of Hell on Earth than of Heaven on earth! Related to this is the fact that the most successful movies are often filled with extreme violence and agonizing plots. On the other hand, Movies, Music, and video games which exhibit the true nature of Man as a loving Microcosm, who is fulfilling his purpose of being a co-creator with God in the Cosmos, do much to stimulate beautiful dreams which inspire the people to release their unlimited creative power for the purpose of manifesting them in reality.

The suicide bomber dreamed of obtaining Bliss in Heaven if he blows up himself and several others; well, his dream did come true; but, did he obtain bliss in heaven, perhaps with 72 virgins? To perform any act, whether it be a so-called ‘good act’ or ‘evil act’, you must go through the creative process beginning with the process of idealization! Since the people of the world are dreaming about, and idealizing, millions of hellish things and turning them into realities with the four processes of creation, the world, quite obviously, often appears to be a hell! As Joseph Campbell once said: *“Jesus is within us all, just as are heaven and hell and all the Gods.”*

The dreams of the people in the world, as a whole, determines the nature of the world. The dreams of each unique individual, determines the nature of the person. All that we are is a direct consequence of what we have thought! **The consciousness of the people will continue to expand as long as there is imagination in the world.** The dreams of those, who are at One with all things, are wishes which are made in the profoundly emotional domains of their hearts that are filled with Cosmic Love supported by a firm foundation of knowledge, wisdom, and understanding. Since BCE exist in Timeless Perfection, those who have become One with Him, also blissfully abide in that same Perfection.

We sing with the voices of earth's precious children whose minds and hearts are close to God:

*When you wish upon a Star,
Makes no difference who you are;
Anything your heart desires,
Will come to you.*

How wonderful it is though, that in our awe inspiring Cosmos, which contains heavenly splendors far beyond our ability to imagine, **all that we have to do is Dream in the Bliss of Cosmic Love and Oneness, and joyfully perform the four processes of creation.** Then the Gods of the Stars will descend upon the earth and dance and sing with us in the glorious paradise that we have created, while we praise the Eternal Glory of THE BOUNDLESS AND NAMELESS COSMIC ESSENCE (BCE).

Once again, this discussion implies that the creation of a viable holistic system of education for the world's children, which is based upon the most profound, all inclusive, spiritual and physical science and philosophy that has been developed by mankind on earth throughout the past 12,000 years of their history, is now imperative! When the children have an overview of the Cosmos as a whole, realize their Microcosmic Nature, and are in full communication with BCE, who is THE CONSCIOUSNESS OF ENERGY, nothing will be impossible for them and the glorious future of Mankind on Earth will be absolutely assured.

ACTION CYCLE PHASES OF EVOLUTION AND INVOLUTION

When Louis de Broglie introduced physicists to the 'action unit' in 1921, he initiated a fire that led to the development of Quantum Mechanics. However, since Quantum Mechanics was formulated purely at the materialistic level of consciousness, and verified to the limits of physical experiments, nearly all of its Spiritual Implications have been unrecognized and; consequently, overlooked!

In our Cosmology, a concept is an idea, thing, or process which can be consciously perceived; in addition, we explain that everything perceivable must be gender conditioned! Now, in addition, one cycle of wave motion consist of a positive phase (which we designate as feminine) and a negative phase (which we

THE FUNDAMENTAL COSMIC ACTION UNIT

Figure (2)

designate as masculine). Therefore, it only seemed logical to us that a concept can be precisely represented by an action unit! We illustrate this in Figure(2) where the action unit being considered is the **Concept of the Circadian Rhythm of the Cosmos Itself**.

The Being-Phase of the Cosmic action unit, during which the Cosmic Essence is awake, is Feminine because the womb of the **Feminine Ethereal Matrix of Mass Energy (FMM)** is giving birth to all things. The Non-being-Phase of the Cosmic action unit, during which the Cosmos is asleep, is Masculine because only **THE AWARENESS of BCE** is present after everything which was created is dissolved back into the **Eternal Ethereal Sea of Mind-Force Energy**.

Now corollary(A) of the third law of our Cosmology, states that **ALL IS VIBRATION**; therefore, an action unit in vibration is alive! This means that every concept must have its personal and distinct frequency which characterizes it uniquely. After meditating deeply upon these ideas, we experienced one of our greatest “EUREKA” moments when we suddenly realized that **THE FUNDAMENTAL FREQUENCY OF THE COSMOS IS ITS CIRCADIAN RHYTHM!** While experiencing the joy of this moment, we could hear the angels singing: “**The characteristic frequencies, of all of the wonderful things that God created, are infinite harmonic multiples of the Divine Fundamental Circadian Tune!**” Now let us apply this wonderful concept of the action unit to the process of the Spiritual evolution of Mankind on earth.

It should be obvious that the body of each human being is an action unit because it has a phase during which it experiences so called ‘death’ and a phase during which it experiences so-called ‘life’. This is the ancient concept of the absolute cycle of incarnation and re-incarnation (This is in complete accord with the fact that man, the Microcosm, is a concept). However, the process of mankind’s spiritual evolution on earth must involve the Expansion and Contraction of their levels of Spiritual Awareness, or the rising and falling of their planes of Consciousness.

This implies that the first phase of the 26,000 year cycle of mankind’s spiritual evolution on earth, which we refer to as the **CATERPILLAR PHASE OF DARKNESS**, is a time when the planes of consciousness of all the people are very low and deeply materialistic. This is the phase through which the human race has been ‘evolving’ during the past 12,000 years. Only about half of this time has been accepted by scientists, philosophers, and religious scholars as comprising authentic human history. Nevertheless, as history shows, it has been a time during which Man knows not that He is a Microcosm with all of the powers of the Cosmos potentially in him. As a result, mankind’s inhumanity to man has dominated; the God of War has reigned; the Goddess of Love and Light has been deeply suppressed; and misery and unhappiness have been spread throughout the world.

Nevertheless, it is absolutely required that mankind experience the Caterpillar Phase because it is during this time that a very firm reference point is established in the DARKNESS with respect to which the great second phase of LIGHT, that is

now becoming visible over the horizon of time, is going to be received with such astonishing joy, excitement, and deeply felt expressions of delight, awe, and wonder, that the Gods of the Stars will come down and join in the celebrations!

The second phase is the wondrous **BUTTERFLY PHASE OF LIGHT** during which the Great Law of Cosmic Love, expressing itself through the divine act of **GIVING AND RE-GIVING**, is applied to the maximum possible extent! The Goddess of Love and Life majestically sits on her glorious throne while the joy and happiness of the people extends beyond all boundaries.

In spite of mankind's very low level of spiritual awareness during the present dark phase, the greatest spiritual teachers have attempted to make them aware of their cycle of spiritual evolution on earth; its purpose, effects, and consequences:

The Spiritually evolved priest of the Mystery School of Light in ancient Egypt, were very familiar with the Cycle of Mankind's Spiritual Evolution on Earth and they told the Greeks about it: Plato reported that Solon, of Athens, had visited Egypt around 590 B. C. While conversing with the priest at the temple of Neith, in Sais, which was the capital of Egypt at that time, he was told emphatically that the last great deluge, which destroyed civilization, had occurred around 9,600 B.C. Which is more than 11,000 years before our time. This is remembered in the Bible as Noah's flood. Since Archeologists and Egyptologists refuse to believe this, they have even gone so far as to accuse Plato and Solon of incorrectly relating their units of measuring time to those of the Egyptians. Plato said himself that compared to the Egyptians, the knowledge which Solon had pertaining to the very ancient history of the world was virtually insignificant:

“O Solon, Solon, you Greeks are but children,” said one of the priests, who was of a very great age. Upon hearing this, Solon said, “What do you mean?” The Egyptian replied, “I mean to say, that in mind you are all young; there is no old opinion handed down among you by ancient tradition; nor any science that is hoary with age. And I will tell you the reason for this. There have been, and there will be again, many destructions of mankind arising out of many causes; and the greatest have been brought about by the agencies of fire and water; and there have been lesser ones by innumerable other causes.”

(Gene Kieffer, *The Secret Teachings: Unveiling the Luminous Sun Within.*)

In fact, the ruins of the last two great civilizations are spread all over the surface of the earth, and under the sea; scientists and explorers are stumbling over them continuously without realizing what they are while simultaneously ignoring their implications! Just consider for a moment the gigantic stone structures around the world, which archeologist cannot explain, such as the cut and dressed 1000 ton stone blocks of Baalbek in Lebanon, the Gateway of the Sun at Tiahuanaco and Puma Punku in South America, and the megalithic ruins in Europe. These are all remains of the cosmically assisted evolution of the last world-wide civilizations that dominated the earth before the beginning of the most recent Caterpillar Phase that is now in the process of terminating.

The information which Solon brought back to Greece from Egypt, implies, unequivocally, that the Caterpillar Phase, in which we are now living, started around 11,000 BC. Therefore, we take this as our first data point. Next, the Mayan Calendar, the most accurate calendar ever devised, implies that December, 2012AD, marks the time when mankind's spiritual awareness will expand across the neutral boundary which separates the Masculine Dark Side Caterpillar Phase of Materialism, that has been dominated by The God of War, from the Feminine Light Side Butterfly Phase of Spirituality which will be dominated by the Goddess of Life and Love. Consequently, we have our second data point at 2012AD. Now the time span from 11,000BC to 2000AD is 13,000 years for the duration of the Caterpillar Phase. Since the Light Phase, into which mankind is entering must also have a time span of 13,000 years, it will end at our third data point which is 15,000AD. This means that the time-action-unit of mankind's spiritual evolution on earth has a period of 26,000 years! This cycle is illustrated in Figure (3).

In Appendix II, of our book, *Soulmate Cosmological Action*, we give a thorough discussion of how the Masculine Light of our wonderful Sun, mates with the Feminine Biosphere of our beautiful earth to strongly influence mankind's cycle of spiritual evolution (The weather is a particularly important controlling mechanism: *(Climate and the Affairs of Men* by Dr. Iben Browning). This implies that there is a strong correlation between mankind's cycle of spiritual evolution and a natural evolutionary cycle of the Earth itself. Can you guess what that cycle is? Of course, it is the precession of the equinoxes! It makes one revolution in approximately 26,000 years!

This very important cycle was well known to the High Priest of the Esoteric School of Light, that was based in Egypt for several thousand years. Swami Sri

Figure (3)

Yuktswar, of India, wrote about it extensively in his book , *The Holy Science*, and Walter Russell alluded to it in his book *The Message of the Divine Iliad*.

In the figure, we indicated that the date 2012AD is timeless because what happens after it depends heavily upon the choices that the people of earth are making right now! From our point of view, if the choice is made to rapidly educate all of the world's mothers and children holistically, then the transition time will not only be greatly shortened, but also the devastating effects of re-terra-forming will be significantly mitigated. If this choice is not made, then the earth's natural cyclic processes will take over, by default, and her surface will be re-terra-formed without regard to the disastrous effects it will have on the present human population.

There are many parallels to mankind's cycle of spiritual evolution in nature; therefore, to make sure that you understand this wonderful cycle, which is highly relevant to the expansion of mankind's planes of spiritual consciousness, we give you the following most intriguing example:

Let us visualize, and emphasize with, the life cycle of one of God's lowly creatures, a caterpillar, as it begins its caterpillar phase: It is very small, hardly an inch long. It is crawling upon the ground - seemingly lost and knows not where to go - except that it must get to some place else.

It turns here, and turns there. A stick in its way makes an obstacle; it turns another direction. Again a stick is in this direction, and it turns still another way, and again a stick impedes. This one it crawls over, and comes onto a stone that has been made very hot by the sun.

It hurries off the stone, and climbs up a weed; then climbs down the weed, for that led to nowhere. It crawls a little further, and a puddle of water limits its way in that direction.

We sense its confusion and its helplessness. We see its limited activity, and know its consciousness too is most limited.

We feel its one desire, its love, to get food!

If it does not fulfill that one overwhelming desire, given to it by God, it will not live.

Its desire to eat is for transformation, rebirth; though of that it knows nothing. Its limited consciousness merely knows that it must eat; that it must get somewhere to find food, and eat.

OBSERVATION ONE: The **CATERPILLAR PHASE** corresponds precisely to the Dark Phase of our Spiritual Evolution which we have been experiencing for the past 12,000 years! During this phase, Mankind's Level of Spiritual Awareness is purely materialistic, dominated by primitive animal emotions, and at the lowest possible plane of consciousness obtainable in human form! Only those who have profoundly experienced the agony and the ecstasy of evolving through the darkness, are inspired to passionately seek for the light through the Love of Pure

Learning! In other words, before we can experience the “Heavenly Joy” which comes from Expanding Our Consciousness, as Christ tried so hard to tell us to do, we must first qualify by passing through the Dark Caterpillar Phase of Mankind’s Cycle of Spiritual Evolution.

Now we see a cocoon, a small silky-like bag. Within it is the caterpillar, though it does not even resemble a caterpillar anymore.

It is bound, is in darkness, reduced to liquid, deprived of what little consciousness it had manifested. It does not resist this new condition, which may seem to it as evil.

It accepts it, not negatively, but moves forward to this reduced state, positively and constructively.

In this state of darkness, marvelous changes are taking place. It is being transformed! It is being prepared for birth into a new life. (This corresponds to Man’s present state, in his cycle of spiritual evolution, where his consciousness is in the process of transforming from the dark phase to the light phase.)

OBSERVATION TWO: During the Caterpillar Phase, we too are in cocoons of limitations and darkness which have been woven by our negatively programmed Conscious Minds that we accept either (1) negatively, or (2) resist as evil, or (3) accept positively and constructively as a period of transformation for rebirth into a new life with greatly Expanded Spiritual Consciousnesses!

As it transforms, soon we begin to see that it is neither caterpillar nor pupa in a cocoon any more, but is turning into a beautiful blue butterfly.

It has been transformed, reborn to a new life, as it enters the butterfly phase of its life’s cycle!

We feel its new power as it spreads its wings, and soars high above the ground where once it had crawled in fear and confusion. (Now it is in paradise because its consciousness has been greatly expanded; and, according to Christ: Heaven is the Expansion of Consciousness!)

Now - unlimited by time and space, it sees where it had been, where it is now,

and where it can be; here, there, anywhere.

With expanded power and expanded consciousness, - it can spread its wings, and rise in freedom and joy above the limitations of the ground.

This story very closely parallels the cycle of mankind's spiritual evolution on earth. Those persons who are born on earth at very low levels of spiritual awareness, begin their evolution in the Caterpillar Phase because they must first experience the loss of their identity, ignorance of everything that they find around them, and the pain of being separated from God, before they can evolve toward being able to appreciate the awe and wonder of God's glorious Cosmos and experience the bliss of being at One with Him while sharing His Light and Love! The Caterpillar Phase is an intimate part of the cycle of spiritual evolution and it must be experienced by everyone before they can Expand their Consciousness from the Caterpillar Phase of Materialistic Evolutionary Action to the Butterfly Phase of Spiritual Involutionary Spiritual Action.

Without the agonizing experience of caterpillars, of the nature that we have just described, while they are searching for the ecstasy of eating, there would also never be any butterflies who can spread their wings and rise in freedom and joy above the limitations of the ground! Likewise, if Man had not fallen into the darkness of ignorance, sin, and materialism, in an environment where the survival of the fittest is the norm, and his conscious mind is under the complete control of gross animal emotions, he would have never had the opportunity to expand his plane of consciousness, through the Love of Pure Learning, into the Spiritual Light and glorious Bliss of not only being at One with THE BOUNDLESS AND NAMELESS COSMIC ESSENCE, but also Cosmic Co-creators with Him! After spending more than forty years of his life attempting to decode the real creation story in Genesis, from the original Hebrew, our master teacher, Dr. Brown Landone, joyfully proclaimed:

To realize the true concept of Oneness and Ever Present Unity of All in God leads you to know that God is Ever-Evolving-in manifestation and that man-is-forever-unfolding—and that all things and conditions are good and beneficent on the eternal path of realization, from infinity to infinity!

To realize that man never “fell” into evil or even supposed claims of evil, one must KNOW that so-called evil is not an OPPOSITE of good but the

COMPLEMENT of good. (Duality)

All modern mistaken concepts in our western religious and spiritual thought are based, directly or indirectly, upon the mistranslation of the TREE (growth) of good and evil in the Garden of Eden (Lemuria), of man's eating of its fruit, and his supposed fall because of doing so. What is the truth of this? God himself is the only ALL-Knowing authority, able to tell us the RESULT of man's experience in the Garden of Eden. When all was there finished, God pronounced the result thus: "Behold, the man HAS BECOME as ONE of US,"—Genesis 3:22. That was not a "fall"; it was a RISE TO GODHOOD!

Those priest and scholars who canonized the bible during the fourth century and translated it into other languages later, were living and learning at very low levels of spiritual awareness which are characteristic of the Dark Phase of Mankind's cycle of spiritual evolution that is now coming to an end. They were not capable of comprehending the true meaning of the original creation story which is recorded in the Torah. Since they were unable to perceive that the so-called evil which they experienced in the world around them, was a direct result of their negative dreams, desires, and imaginations becoming realities, they had to find a 'scapegoat' to take the blame; therefore, they came up with the 'Garden of Eden' story in which the serpent is the seducer. The great mythologist Joseph Campbell responded to this as follows:

This amounts to a refusal to affirm life. In the biblical tradition we have inherited, life is corrupt, and every natural impulse is sinful unless it has been circumcised or baptized. The serpent was the one who brought sin into the world. And the woman was the one who handed the apple to man. This identification of the woman with sin, of the serpent with sin, and thus of life with sin, is the twist that has been given to the whole story in the biblical myth and doctrine of the Fall.

The idea in the biblical tradition of the Fall is that nature as we know it is corrupt, sex in itself is corrupt, and the female as the epitome of sex is a corrupter. Why was the knowledge of good and evil forbidden to Adam and Eve? Without that knowledge, we'd all be a bunch of babies still in Eden, without any participation in life. Woman brings life into the world. Eve is the mother of this temporal world. Formerly you had a dream time paradise there in the Garden of Eden—no time, no birth, no death—no life. The serpent who

dies and is resurrected, shedding its skin and renewing its life, is the lord of the central tree, where time and eternity come together. He is the primary God, actually, in the Garden of Eden. Yahweh, the one who walks there in the cool of the evening, is just a visitor. The garden is the serpent's place. It is an old, old story. We have Sumerian seals from as early as 3500 BC showing the serpent and the tree and the Goddess, with the Goddess giving the fruit of life to a visiting male. The old mythology of the Goddess is right there.

A PERFECT GOD CANNOT CREATE AN IMPERFECT COSMOS!

*And after God had made Man in His own image and likeness: **GOD SAW EVERYTHING THAT HE HAD MADE, AND, BEHOLD IT WAS VERY GOOD!** (Genesis 1:31).*

Only those who have expanded their Spiritual Awareness above the plane of worldly and physical materialism can experience the great joy of realizing the sublime truth that **we are all living in the most wonderful of all paradises; the glorious, hauntingly mysterious, and awesomely beautiful Cosmos which eternally stands before us.**

Fortunate are the children who hear the sweet and loving voice of their divine mothers whispering precious words of wisdom into their ears: *“always listen very carefully, my child, for the still-small voice of your Spirit who is eternally speaking in the ‘silence’ to your subconscious mind. Beneath the ‘booming’ noise of your conscious mind, who is concerned only with ‘materialism’, It is very difficult to hear; but, if you can learn to do so, to heed Its kind advice, and to respond to Its inspiration, It will always guide you along that glorious path which leads to knowledge, wisdom, love, compassion, priceless understanding, and the awesome bliss of being at One with BCE and all of His wonderful creations.”* Happy are those who have heeded wonderful advice of this kind, which came from their loving parents and teachers, and applied it to the maximum of their ability throughout their lifetimes. The joyful “Eureka” experiences which are increasing continuously, as their planes of consciousness expand exponentially, and the indescribable joy of their communications with THE NAMELESS AND BOUNDLESS COSMIC ESSENCE, through the Cosmic Internet of THE CONSCIOUSNESS OF ENERGY, is the source of Eternal Bliss so enormous that they cannot even begin to describe the glory of it!

It is probable that *the Law of "Giving and re-giving"* is the only law with which golden ages were created in the past, and can again be created in the future. This law, which is a corollary of the our Law of Love, is fully supported by Jesus when he said: *"It is more blessed to 'desire' to give than to 'desire' to receive."* On the other hand, the Dark Phase, which is about to terminate, has been dominated by the *dual law of "taking and re-taking"* which is uniquely personified by usury. Usury is created by the desire of those who are unproductive to take more from the hard working productive poor than what is returned to them, and then enslave them, by loaning back what was unjustly taken, and making them pay interest on it.

The worship of money is the darkest of all of the materialistic shadows that are cast over the human spirit during the Dark Phase of mankind's spiritual cycle of evolution and involution on earth. The bible speaks extensively against usury and it is the only thing which made Jesus angry! However, remember that only those who have felt the devastating impoverishment effects of 'taking and re-taking' will be able to fully appreciate the awesome constructive wealth producing power of 'giving and re-giving' which is The Law of Love in action! This is the law which nature uses to create all living things and the natural wealth that is required to support them.

When the great Law of Giving and Re-giving is properly applied by man, its first result is the release of each and every person's divine creative powers by giving them a profound holistic education. They then apply their creative powers, under the inspiration of their spirits, to work toward one goal, and one goal only, and that is to give back more to their fellow human beings than they received from them. In this manner, wealth expands exponentially and with it the people are able to build great Civilizations of Light during the involutory phase of their cycle of spiritual development.

Therefore, the nature of the environment in which the Spirits of mankind evolve and involve, through life's experiences, is directly determined by the fulfillment of their deepest desires. This is why the great seers of the past have tried to inform mankind that they are the creators of their world and all that they are is a direct result of what they have thought! If you desire to have the joy of playing a game, then you must create an opponent; but, your joy will be fulfilled only if you win the game; if you lose the game you are sad! If you wish to play the game of Learning Joyfully, then you must acknowledge ignorance as an opponent because

the game of learning is greatly striving to lift ones plane of awareness from the darkness of ignorance into the light of knowledge! Finally, if you wish to know the great joy that comes from the Love of giving and re-giving, then you must acknowledge an opponent of hate who takes and re-takes! You can never stand forever on one side of a swinging pendulum without eventually being forced to return to the other side! Life is an awesome experience in duality; its action can only be stopped by the quenching of all vibration!

It is the threats to life that force it to grow strong; indeed, even so strong that it turns the threats into advantages. Just see how bacteria adapts to every threat that modern science can throw at them. Life is infinitely threatened and infinitely survivable! There is no place in the Cosmos where something is not living, even in the midst of the cores of the greatest stars! If you were to eliminate the threats, however, all life would cease. So, do you call the threats to life 'evil' and label life itself as 'good'? I assure you that if it were possible to eliminate one, you will also simultaneously destroy the other! It is time for mankind on earth to face THE REAL COSMOS that stands before them and realize that everything which they have assumed to be 'evil' are really rare and wonderful opportunities to overcome the ignorance that caused them to 'desire' it in the first place.

Therefore, in order to fulfill the purpose of their being, each person must strive to greatly accelerate the expansion of their consciousness by obtaining wisdom and love from the agony and the ecstasy of their experiences in life; and finally, through greatly increased determination toward aspiring to comprehend, and profoundly understand, all that has been newly experienced, through the Love of Pure Learning, and deeply meditating upon it under the guidance and inspiration of their Spirits. There is absolutely nothing wrong in our glorious, sublimely mysterious, and awesomely beautiful Cosmos; on the contrary, everything is forever proceeding exactly according to the plans of THE BOUNDLESS AND NAMELESS COSMIC ESSENCE.

This is all pure logic which is plainly and lovingly obvious to everybody whose planes of consciousness are beyond that of materialism; however, on this plane there are still many on earth who contest this vigorously! Therefore, we describe an experiment which suggest that the challenges presented by the forces of so-called 'evil' are essential not only to the evolution and involution of Man but also to all living things in the Cosmos:

Dr. John B. Calhoun, government psychologist, started the experiment in 1968 when he put four males and four females into a 10ft-square mouse “heaven”.

Food was abundant. Pleasant nests were provided in ‘high-rise’ apartments. There was no disease. The mice proliferated in this, the ultimate of welfare states.

After a while the mice began to break up into social groups of about 12 mice each under a dominant male. “Turfs” were jealously guarded, but the available food kept pace with the rising population.

This was the golden age. Everybody “belonged.” But there being no cats or distempers, all of the baby mice grew up. Pretty soon they were no longer welcome. Mothers began driving the youngsters away and adult males lost their traditional dominant position.

The colonies turned into matriarchies. The older female mice not only had the “lib” ; they had the clout.

The rejected young, according to Dr. Calhoun, became “street people,” so to speak. That is, they lived outcast, purposeless lives, even though there was never any shortage of necessities.

They were alienated because they couldn’t find a place in the social structure. The population peaked two and one-half years ago at 2200 and then breeding virtually stopped.

Even when natural deaths brought the mouse population back to tolerable levels, there was no resumption of vigor in this mouse heaven. And so, with food, health and security still assured, the last mouse expired.

“For an animal as complex as man,” Dr. Calhoun remarked, “there is no reason why a comparable sequence of events should not also lead to species extinction.”

Perhaps, nobody realized the role of Joy and Sorrow in life more than did the great poet and philosopher Kahlil Gibran. His great poem on the subject speaks loudly and clearly for itself:

Then said a woman, Speak to us of Joy and Sorrow. And he answered: Your joy is your sorrow unmasked. And the selfsame well from which your laughter rises was oftentimes filled with your tears. And how else can it be? The deeper that sorrow carves into your being, the more joy you can contain. Is not the cup that holds your wine the very cup that was burned in the potter's oven? And is not the lute that soothes your spirit, the very wood that was hollowed with knives?

When you are joyous, look deep into your heart and you shall find it is only that which has given you sorrow that is giving you joy. When you are sorrowful look again in your heart, and you shall see that in truth you are weeping for that which has been your delight.

Some of you say, "Joy is greater than sorrow," and others say, "Nay, sorrow is greater." But I say unto you, they are inseparable. Together they come, and when one sits alone with you at your board, remember that the other is asleep upon your bed.

Verily, you are suspended like scales between your sorrow and your joy. Only when you are empty are you at standstill and balanced. When the treasure-keeper lifts you to weigh his gold and his silver, needs must your joy or your sorrow rise or fall.

SUMMARY: HEAVEN HERE, NOW, AND ALWAYS

A God that is absolute and everywhere cannot come and go! Therefore it is impossible for Heaven to come down to earth because God is everywhere and Heaven, like God, has always been present on earth. You are living in an Absolute Paradise where all of your dreams come true; but, you have not been careful about what you have desired and the majority of the desires, which the people have been having throughout history, have been in large part against the laws of nature! Since they have vigorously and intensively followed the four laws of creativity which make all things come true, they have come true, and the world you have around you is what the people have desired, dreamed about, and wished!

All that we are is a direct result of what we have thought! "*As a man thinketh, so is he!*" In his sermon on the mount, Christ gave a beautiful overview of the manner in which the people must think and act in order to bring about Heaven on earth. How many people, throughout history, have perfectly applied these

teachings in their lives? In several places in the Bible it says: ***"Be ye therefore perfect, as your father in heaven is perfect."*** How many people are living perfect lives and having perfect thoughts and desires? They make the excuse that they are too weak and sinful to be perfect; therefore, they cry out for a savior to save them from the awful consequences of their own dreams and desires! Real Spiritual People have absolutely no problem being perfect because they are co-creators with God and are persistently and joyfully expanding their consciousness toward becoming One with all things! You have to earn your right to experience the indescribable joy of living in Heaven, nobody and no thing will ever be able to give it to you for free; because, giving it to you violates the purpose for which you were created! You can never fully appreciate anything which is given to you without you being inspired to give something back of equal or greater value; consequently, that which you give back must be earned!

Nobody on earth, in Heaven, or in a supposed Hell is going to rescue you from the Hells you have created for yourselves! After you have made your Hell, it then becomes the school in which you must learn, in order to rise above the weaknesses in yourself which caused you to dream it into existence in the first place, from the agonizing experiences that are reflected back upon you! You have been created in the image of God, you have all the powers of God within yourself; therefore, you can, and do, create all the heavens, hells, and Gods, from within yourselves. Just as the light of the Sun shines on both the good and the evil and gives them the energy they need to survive, so does God give the awesome power of His Cosmos to everyone that ask it of Him and who follows the four laws of creativity in that respect! God gave the world's greatest conquerors and dictators all of the power they needed to conquer the world, but their own ignorance of Cosmic Law, and the awful reactions to their unlawful desires, reflected back upon them, and crushed them! **What you call 'evil' is but the negative reactions to your own ignorance; the reactions then become your teachers in the school of hard knocks; and, until you learn your lessons properly in this school, which you designed for yourself, you will remain enfolded in your self-created evil!**

The great mythologist Joseph Campbell said: ***"All the heavens, all the hells, and all the Gods, are within you!"*** I and my beloved soulmate say: Once we have all realized the glorious truth that there is NO SUCH THING AS DEATH, the illusions that have kept us bound in materialism will begin to dissipate. In the

process of getting rid of our bodies, after they have been worn out wonderfully serving as caterpillar-type 'tools' of learning for our Divine Spirits, like beautiful butterflies, unfolding from their cocoons, we will spread out our opalescing wings and rise up into the glory of a higher universe to continue the joyous expansion of our consciousnesses toward eternity! Once the full realization of this has set in, all other things become academic! So-called 'evil' and the dark illusion of so-called 'death', are your greatest teachers in life: LEARN FROM THEM, and like the butterfly, you will arise!

Finally, during the canonization of the Bible, the Gospel of Thomas, the most objective of all of the gospels, was left out of the Bible because they could not understand and appreciate the real truth that Christ was teaching:

"Jesus said: If those who lead you say to you, 'See, the kingdom is in the sky,' then the birds of the sky will precede you. If they say to you, 'it is in the sea', then the fish will precede you. Rather, the Kingdom is inside you, and it is outside you. When you come to know yourselves, then you will become known, and you will realize that it is you who are the sons of the living Father. But if you will not know yourselves, you dwell in poverty and it is you who are that poverty."

His disciples said to him: "When will the Kingdom come?"

Jesus said: "It will not come by waiting for it. It will not be a matter of saying 'Here it is' or 'There it is.' Rather the Kingdom of the Father is spread out upon the earth, but men do not see it."

Soon after the so-called death of Christ, his disciples were looking for him to return; in 500 AD, they were looking for him to return, in 1000 AD, they were looking for him to return, but he has never yet come because his spirit is everywhere and cannot come and go! In 2000 AD, believers were looking for him to return; now during this year, many are wishing for Him to return. But, he has always been here, within everybody on earth, waiting for this to be realized by us, and patiently waiting for us to open the door to our hearts upon which he is forever knocking! **The only difference between the Spirit of Christ, and that of all other human beings evolving and involving on earth, is that Christ knows that He is One with BCE; however, nearly everybody else on earth is not yet conscious of this wonderful fact.**

It is man's ignorance of the true nature of our beautiful and awesomely sublime Cosmos that blinds him to the Heaven that is all around him; therefore, if you wish your eyes to be opened so that you can see the glory of it, then lift yourselves up from the self-righteous dogma which has bound you to the severe constraints of materialism, start learning everything you can from the agony and the ecstasy of your life's experiences, dedicate yourselves with all of your might to the love of pure objective learning, and then deeply concentrate, and profoundly meditate upon all that you have learned under the inspiration and consultation of your Divine Spirit which centers and enfolds you! As soon as your consciousness has expanded just a little above materialism, and you begin to live your life in harmony with the four great Cosmic Laws, under the loving guidance and inspiration of BCE who eternally bounds you from without and centers you from within, then your spiritual eyes will open and you will see the glorious Spiritual Sun of Heaven beautifully shining all around you.

This is the one and only manner through which Heaven will again be seen on earth. I and my beloved soulmate have been living in the bliss of Heaven for many years. Several hundred thousand people on earth are also now experiencing the glory of it with us and their numbers are beginning to increase. The realization that heaven has always been here, is here now, and will be here eternally is expanding all over the earth! The really important question being asked now is: "has the cosmic spiritual consciousness of mankind, as a whole, expanded sufficiently to enable the real meaning of this to become dramatically apparent to every scientifically, mathematically, musically, and spiritually developed person on earth at this time?"

The awesome CONCEPT OF ENTANGLEMENT, projected by the greatest physical theory of all time, QUANTUM MECHANICS, gives profound credence to THE CONSCIOUSNESS OF ENERGY and the awesome fact that THE BOUNDLESS AND NAMELESS COSMIC ESSENCE is within all things centering them and around all things bounding them and, thereby, making them perceivable!
